Motion made by M. H. Carter, that the Town vote to raise and appropriate the sum of $2,500, to be used with sums allotted by the County of Essex and the Commonwealth of Massachusetts, in resurfacing shoulders of Salem Street, in accordance with the provisions of Chapter 90, of the General Laws, was amended by W. W. Moxham, that action on Article 27 be indefinitely postponed and it was so voted.

Art. 28. To see if the Town will vote to raise and appropriate the sum of $2,500, said sum to be used with sums allotted by the County of Essex and the Commonwealth of Massachusetts in reconstructing Salem Street from the Peabody-Lynnfield line to the intersection of Lynnfield Street, in accordance with the provisions of Chapter 90, of the General Laws.

Voted: On motion by W. W. Moxham, that the Town raise and appropriate the sum of $2,500, said sum to be used with sums allotted by the County of Essex and Commonwealth of Massachusetts in reconstructing Salem Street, from the Peabody - Lynnfield line to the intersection of Lynnfield Street, in accordance with the provisions of Chapter 90 of the General Laws.

Art. 29. To see if the Town will vote to amend the zoning by-law by inserting after Section Five thereof the following new section: Section 5A. The removal, for sale, from a residence district, or from one place to another in such district, of sod, loam, clay, sand, gravel or quarried stone forming a part of the real estate in such district, except when necessarily incidental to or in connection with the construction, at the site of removal, of a building for which a permit has been issued, or for grading or otherwise improving the premises of which such building is a part, shall be permitted only if written permission of the Board of Appeals be first obtained. Any person desiring to obtain the permission of said Board for such purpose shall make written application therefor, and the said Board shall hold a public hearing thereon, of which public notice shall be given, and render a decision. The applicant shall show, to the satisfaction of said Board, that such use of the premises for which such application is made shall not constitute a nuisance because of noise, vibration, smoke, gas, fumes, odor, dust or other objectionable features, shall not be hazardous because of fire or explosion, shall not adversely affect the economic status of the town, shall not tend to impair the beauty of the town or of the district most immediately affected, and shall not be dangerous to the public health. When, in the opinion of the Board, such a permit may be granted if accompanied by conditions especially designed to safeguard the district and the town, including protection against permanent and temporary situations which may be left or arise after operations are completed or because of the methods of handling such material at the site, or transporting such material through the town, it shall impose

such conditions and make them a part of the permit. The Board may, after a hearing and proof of violation of such conditions or any of the terms of the permit, withdraw the permit, after which the use shall be discontinued.

Motion to indefinitely postpone action on the Article, made by E. M. Fletcher, was defeated.

Voted: On motion made by W. W. Moxham, that the zoning by-law be amended by inserting after Section 5 thereof, the following new section: Section 5A. The removal, for sale, from a residence district, or from one place to another in such district, of sod, loam, clay, sand, gravel or quarried stone forming a part of the real estate in such district, except when necessarily incidental to or in connection with the construction, at the site of removal, of a building for which a permit has been issued, or for grading or otherwise improving the premises of which such building is a part, shall be permitted only if written permission of the Board of Appeals be first obtained. Any person desiring to obtain the permission of said Board for such purpose shall make written application therefor, and the said Board shall hold a public hearing thereon, of which public notice shall be given, and render a decision. The applicant shall show, to the satisfaction of said Board, that such use of the premises for which such application is made shall not constitute a nuisance because of noise, vibration, smoke, gas, fumes, odor, dust or other objectionable features, shall not be hazardous because of fire or explosion, shall not adversely affect the economic status of the town, shall not tend to impair the beauty of the town or of the district most immediately affected, and shall not be dangerous to the public health. The Board may, after a hearing and proof of violation of such conditions or any of the terms of the permit, withdraw the permit, after which the use shall be discontinued.

The Moderator appointed C. H. Russell, L. B. Tuck and R. R. Pearson as Tellers.

An amendment, offered by J. Fletcher, that no soil, gravel, sand, or other material shall be removed within 200 feet of the highway boundary line, was defeated.

A report of a hearing held by the Planning Board, with their recommendations, was made.

The original motion was then voted upon and carried, 159 voting in the affirmative and 43 in the negative, the total vote being 202.

Motion was made by M. H. Carter, that action on Article 27 be reconsidered, and the motion was lost.

Art. 30. To see if the Town will vote to raise and appropriate a sum of money to paint and repair the Centre Library, or what action it will take thereon.

Motion made by W. W. Grace, that the Town vote to raise and appropriate the sum of $350 to repair and shingle the Centre Library, was amended by H. A. Haskell, that the Library Trustees be asked to call for public bids, and the motion as amended was carried.

Art. 31. To see if the Town will vote to raise and appropriate the sum of $125 for waterproofing the water cistern on Arlington Street, or what action it will take thereon.

Voted: On motion by M. H. Doremus, to indefinitely postpone action on the Article.

Art. 32. To see if the Town will vote to authorize the Selectmen to purchase, for cemetery purposes, a tract of land, containing approximately four acres, belonging to Frank H. Thorndike and situated on the southwesterly side of Essex Street, and raise and appropriate a sum of money therefor.

Voted: On motion by J. Ward, that the Town raise and appropriate the sum of $200, that the Selectmen and Cemetery Commissioners be instructed to obtain an option on the purchase of the tract of land containing approximately four acres, for cemetery purposes, from Frank H. Thorndike, and situated on the southwesterly side of Essex Street, said option to be to purchase said land on or before April 1, 1937, at a price not to exceed $1800; an amendment offered by T. M. Huse to indefinitely postpone action being lost.

Art. 33. To see if the Town will vote to approve the following regulation, adopted February 3, 1936, by the Board of Cemetery Commissioners. To wit: "That all cemetery lots or subdivisions in the Town's existing cemeteries, and in any land hereafter acquired and set apart by the Town for a cemetery, shall be laid out in such sizes and be sold for such uniform prices as this Board and its successors in office shall from time to time deem expedient."

Voted: On motion by R. R. Pearson, that the Town approve the regulations, adopted Feb. 3, 1936, by the Board of Cemetery Commissioners.

Art. 34. To see if the Town will vote to raise and appropriate a sum of money to purchase and plant new shade trees along the highway, or what action it will take thereon.

Motion by M. H. Doremus, that the Town vote to raise and appropriate the sum of $100 to purchase and plant new shade trees along

the highway, was amended by J. Ward, that action be indefinitely postponed, and the amendment was carried.

Art. 35. To see if the Town will vote to raise and appropriate the sum of $350 to purchase and install a master fire alarm box for the Centre Fire Station, or what action it will take thereon.

Voted: On motion by J. Ward, to indefinitely postpone action on the Article.

Art. 36. To see if the Town will vote to authorize the Selectmen to sell a tract of land located on Lowell Street, now owned by the Town of Lynnfield, or what action it will take thereon.

Voted: On motion by C. H. Russell, that the Town authorize the Selectmen to sell the tract of land located on Lowell Street, now owned by the Town of Lynnfield, at such terms as they can arrange.

Art. 37. To see if the Town will vote to authorize the Selectmen to sell, after first giving notice of the time and place of sale by posting such notice of sale in some convenient and public place in the Town fourteen days at least before the sale, property taken by the Town under Tax Title procedure provided that the Selectmen or whomsoever they may authorize to hold such public auction may reject any bid which they deem inadequate, or take any action relative thereto.

Voted: On motion by C. H. Russell, that the Town authorize the Selectmen to sell, after first giving notice of the time and place of sale, by posting such notice of sale in some convenient and public place in the town, fourteen days at least before the sale, property taken by the Town under Tax Title Procedure, provided that the Selectmen or whomsoever they may authorize to hold such public auction, be given full authority to reject any bid which they deem inadequate.

AMENDMENT TO ZONING BY-LAW ADOPTED MARCH 9, 1936

March 12, 1936.

I, Fred I. Wilkins, Town Clerk of the Town of Lynnfield, Massachusetts, hereby certify that the Annual Town Meeting was duly called and held at 7.30 o'clock in the evening on Monday, March 9, 1936, that attached hereto marked "A" is an attested copy of Article 29 of the Warrant for said meeting; that attached hereto marked "B" is a certificate of the Secretary of the Planning Board of said Town with reference to a public hearing concerning Article 29, the nature thereof and time and place of holding same; that attached hereto

marked "C" are two copies of duly attested vote passed at said meeting acting under said Article 29 and setting forth that 202 votes were cast, of which 159 voted in the affirmative and 43 in the negative; that before said vote was taken the Planning Board made a final report to said meeting as required by Section 27 of Chapter 40 of the General Laws, and unanimously recommended the adoption of the amendment. A true copy,

I, Fred I. Wilkins, Town Clerk of the Town of Lynnfield, Massachusetts, hereby certify that the Annual Town Meeting was duly called and held at 7.30 o'clock in the evening on Monday, March 9, 1936, and that the following is a true copy of Article 29 of the Warrant for said meeting.

Art. 29. To see if the Town will vote to amend the zoning by-law by inserting after Section Five thereof the following new section: Section 5A. The removal, for sale, from a residence district, or from one place to another in such district, of sod, loam, clay, sand, gravel or quarried stone forming a part of the real estate in such district, except when necessarily incidental to or in connection with the construction, at the site of removal, of a building for which a permit has been issued, or for grading or otherwise improving the premises of which such building is a part, shall be permitted only if written permission of the Board of Appeals be first obtained. Any person desiring to obtain the permission of said Board for such purpose shall make written application therefor, and the said Board shall hold a public hearing thereon, of which public notice shall be given, and render a decision. The applicant shall show, to the satisfaction of said Board, that such use of the premises for which such application is made shall not constitute a nuisance because of noise, vibration, smoke, gas, fumes, odor, dust or other objectionable features, shall not be hazardous because of fire or explosion, shall not adversely affect the economic status of the town, shall not tend to impair the beauty of the town or of the district most immediately affected, and shall not be dangerous to the public health. When, in the opinion of the Board, such a permit may be granted if accompanied by conditions especially designed to safeguard the district and the town, including protection against permanent and temporary situations which may be left or arise after operations are completed or because of the methods of handling such material at the site, or transporting such material through the town, it shall impose such conditions and make them a part of the permit. The Board may,

after a hearing and proof of violation of such conditions or any of the terms of the permit, withdraw the permit, after which the use shall be discontinued.

As required by the General Laws of the Commonwealth, the Planning Board held a public hearing at the Town Hall on Saturday, February 29, in the matter of the proposed amendment to the zoning by-law, as set forth in Article 29 of the Warrant for the Annual Town Meeting. Notice of the hearing was given by publication in the Daily Evening Item, a newspaper published in the county and circulated in the town, and by posting notice of the hearing in three places in the town.

Last spring, in one part of the town the townspeople found that, without any notice to them and without any opportunity to protest, gravel and loam were being removed from a parcel of land in a residential district; a steam shovel was at work early in the morning, constantly during the day, and late at night, and heavy trucks were being loaded with gravel and loam and proceeded through the town streets, with resulting damage to surrounding property, danger to children by the increased traffic and the high speed of the heavily-loaded trucks. Those whose homes were in the immediate vicinity were seriously disturbed by the noise and confusion from early morning until late at night. The land has been left in a condition which may well result in further damage to surrounding property by the washing away of soil into the hole which has been left.

The Planning Board unanimously recommend the adoption of this amendment in order that similar instances may be either prevented or controlled in the future. The adoption of this new section will not prevent any proper removal of sod, loam, gravel, etc., as the Board of Appeals is given authority to permit such removal when in its opinion no damage to the town or to surrounding property will result; and the Board may establish such conditions connected with the removal as to prevent the operations from being carried on at times of the day when disturbance will be caused to those living adjacent to the property from which the materials are to be removed, requiring that the operation be performed in such manner as not to create an unnecessary amount of noise, dust, traffic danger, and other hazards, and may require that the property be left in such condition that danger to surrounding land will not result by the removal of the materials.

In the opinion of the Board, no injury is done to any real estate owner, as the amendment proposed simply requires an application for permit, with the required notice to persons who are or may be affected, and the Board of Appeals is authorized to issue the permit if it appears that no harm is likely to result. It seems to the Board that there is as much reason for requiring a permit for such operations as there is for requiring a permit for the construction of a dwelling house or other building.

Respectfully submitted,

LOUIS B. TUCK, Secretary.

Extracts from the records of the Town of Lynnfield, Massachusetts, relative to vote passed acting under Article 29 at the Annual Town Meeting held Monday evening, March 9, 1936, at 7.30 o'clock.

Voted: On motion made by W. W. Moxham, that the zoning by-law be amended by inserting after Section 5 thereof, the following new section: Section 5A. The removal, for sale, from a residence district, or from one place to another in such district, of sod, loam, clay, sand, gravel or quarried stone forming a part of the real estate in such district, except when necessarily incidental to or in connection with the construction, at the site of removal, of a building for which a permit has been issued, or for grading or otherwise improving the premises of which such building is a part, shall be permitted only if written permission of the Board of Appeals be first obtained. Any person desiring to obtain the permission of said Board for such purpose shall make written application therefor, and the said Board shall hold a public hearing thereon, of which public notice shall be given, and render a decision. The applicant shall show, to the satisfaction of said Board, that such use of the premises for which such application is made shall not constitute a nuisance because of noise, vibration, smoke, gas, fumes, odor, dust or other objectionable features, shall not be hazardous because of fire or explosion, shall not adversely affect the economic status of the town, shall not tend to impair the beauty of the town or of the district most immediately affected, and shall not be dangerous to the public health. When, in the opinion of the Board, such a permit may be granted if accompanied by conditions especially designed to safeguard the district and the town, including protection against permanent and temporary situations which may be left or arise after operations are completed or because of the methods of handling such material at the

site, or transporting such material through the town, it shall impose such conditions and make them a part of the permit. The Board may, after a hearing and proof of violation of such conditions or any of the terms of the permit, withdraw the permit, after which the use shall be discontinued.

The Moderator appointed C. H. Russell, L. B. Tuck and R. R. Pearson as tellers.

An amendment offered by J. Fletcher, that no soil, gravel, sand or other materials shall be removed within 200 feet of the highway boundary line was lost. The original motion was called for and voted upon, 159 voting in the affirmative and 43 in the negative, the total vote being 202.

The foregoing by-law is hereby approved.

PAUL A. DEVER, Attorney General.

RECORD OF SPECIAL TOWN MEETING HELD JUNE 15, 1936 CALLED AT 7.30 O'CLOCK, P. M.

The Moderator opened the meeting at 7.40 P. M., when he read the Warrant and Constable's Return and took up Article 1 for consideration.

Article 1. To see if the Town will vote to raise and appropriate a sum of $2,500.00, said sum to be used with sums allotted by the County of Essex and the Commonwealth of Massachusetts in resurfacing shoulders and repairing of Salem Street, in accordance with the provision of Chapter 90, of the General Laws.

Motion was made by C. A. Studley, that the Town vote to raise and appropriate the sum of $2,500 to be used with sums allotted by the County of Essex and the State of Massachusetts, in resurfacing shoulders and repairing of Salem Street, in accordance with the provisions of Chapter 90, of the General Laws; and the motion was carried by a unanimous vote.

Art. 2. To see if the Town will vote to raise and appropriate a sum of money covering cost of changes in the location of Fire Alarm System caused by the rebuilding of the Newburyport Turnpike.

Motion was made by J. D. McNamara, that the Town vote to raise and appropriate the sum of $400 to cover the cost of changes in the

location of the Fire Alarm System, caused by the rebuilding of the Newburyport Turnpike, was carried unanimously.

All Articles in the Warrant having been acted upon, the meeting was dissolved at 7.48 P.M.

Recorded June 16, 1936.

To the Commissioners of Essex County,
Gentlemen:

The undersigned respectfully represent that Salem Street, so-called, in the Town of Lynnfield, from the boundary line between said town and the city of Peabody, thence westerly to its intersection with the State Highway, is unsuited to the present requirements of traffic and that common convenience and necessity require that specific repairs be made thereon.

WHEREFORE they pray that after due notice and a hearing the County Commissioners may order such specific repairs to be made on the said road as in their judgement may be necessary.

CLARENCE A. STUDLEY and seven others.

COMMONWEALTH OF MASSACHUSETTS

Essex, ss. Court of County Commissioners.

July Term, A.D., 1936, to wit; July 30, 1936.

On the foregoing petition, ORDERED: That said petitioners give notice to all persons and corporations interested therein that said Commissioners will meet at the Court House in Salem in said county, on Tuesday, the eighteenth day of August 1936, at 11 o'clock A.M., by publishing an attested copy of said petition and of this order thereon in the Daily Evening Item, a newspaper printed in Lynn in said county, the said publication to be seven days at least before the said eighteenth day of August. And also by serving the Town Clerk of Lynnfield with an attested copy of said petition and of this order thereon, fifteen days at least; and by posting up an attested copy thereof in two public places in said town, seven days at least, before the said eighteenth day of August, at which time and place said Commissioners will proceed to view the premises and make such order in relation to the prayer of said petition as by law they may be authorized to do.

Attest:—A. N. Frost, Clerk.

A true copy of said petition and order thereon.

EARL E. WELLS,
Deputy Sheriff.

COMMONWEALTH OF MASSACHUSETTS

C. C. D. 1939.

Essex, ss. Court of County Commissioners.

August term, A.D. 1936, held by adjournment at Salem.

Clarence A. Studley and others, inhabitants of the town of Lynnfield in said county, by their petition to said Commissioners, respectfully represent that Salem Street, so-called, in the town of Lynnfield, from the boundary line between said town and the City of Peabody, thence westerly to its intersection with the State Highway, is unsuited to the present requirements of traffic and that common convenience and necessity require that specific repairs be made thereon, and pray that after due notice and a hearing, the County Commissioners may order such specific repairs to be made on the said road as in their judgement may be necessary.

This petition was entered at the July term, A.D. 1936 when notice was ordered given to all persons and corporations interested therein, of the place and time where and when the Commissioners would meet for the purpose of viewing the premises and making such order in relation to the prayer of said petition as by law they may be authorized to do, as by their order of notice on file and of record will more fully appear.

And at the July term, A.D. 1936 the County Commissioners did adjudge that common convenience and necessity require that specific repairs be made on the said road as prayed for in the said petition and thence the said petition has been continued to this time. And now the said Commissioners make return of their further proceedings in the matter as follows:

At the time of the view on the petition for specific repairs to be made on the said road no person interested having objected, we the County Commissioners for said County, did proceed and order specific repairs to be made as follows, viz:

The inhabitants of Lynnfield, in which town said way is laid, shall on or before the first day of January A.D. 1937, build for the full length of the way as called for in the petition a bituminous macadam road at least thirty (30) feet in width and at least six (6) inches in depth with proper shoulders on each side thereof, said macadam road to be properly crowned and graded, and all necessary provisions for sub soil and surface water to be made, and guard rails erected wherever necessary so that the said road may at all times be safe and convenient for travel all to the reasonable directions and requirements of the County Commissioners.

And we have determined and awarded the damages sustained by persons in their property by reason of said specific repairs as follows, viz: Nothing.

However, should any damages be recovered they shall be paid out of the treasury of the Town of Lynnfield.

And the Commissioners acting under authority of Section 16 of Chapter 82 of the General Laws, will reimburse the Town of Lynnfield in a part of the cost of the work herein authorized.

In Testimony Whereof, we have hereunto set our hands this twenty-fifth day of August in the year of Our Lord one thousand nine hundred and thirty-six.

FREDERICK H. BUTLER,
ROBERT H. MITCHELL,
CHARLES M. BOYLE,
County Commissioners.

Essex, ss.

During the past year the several departments of the town have made an effort to keep close to the appropriations made, but in some instances unforeseen emergencies have arisen that have forced expenditures of money which was slightly in excess of the appropriations made, but the Finance Committee have co-operated by transferring sufficient sums from the Reserve Fund to care for the unexpected expenditures.

Once again the contributions of food supplies from the Federal Government have been helpful to the needy and the money appropriated by the Town together with the money allotted by the Government have provided considerable work for the unemployed.

The amendment to the Old Age Assistance laws, increased greatly the requests for assistance from the aged and the need of Welfare Assistance increased noticeably during the year just closed, which should be given serious thought at our annual meeting when the appropriation is voted.

As required by law, an Old Age Assistance Bureau was established that such cases may be more efficiently handled.

In conformity to the vote of the town passed at the meetings held on March 9th, and June 15th, 1936, with the co-operation of

the State and County, Salem Street from Lynnfield Street for a distance of 1600 feet to the Peabody line was reconstructed and a rough and somewhat dangerous road has been replaced by a safe, permanent road which is a credit to the town; also new shoulders have been built on Salem Street from Fletcher's Corner for a distance of about 2400 feet, to a point near the Ramsdell property.

We have petitioned the State and County for their co-operation under Chapter 90, for allotments for the purpose of continuing the improvement of Salem Street, also to begin the reconstruction of Summer Street, which is the connecting road between the two centers of the town, which has long been needed. Appropriations for these two projects will be asked for at the Annual March Meeting to cover the town's portion of the expense and we ask for your co-operation.

On January 13, 1936, the Town voted to raise and appropriate the sum of $8,000, for the purchase of a 500-gallon pumping fire engine and equipment. The committee appointed to act in conjunction with your Selectmen performed their duty and a 500-gallon Maxim fire pumping engine with the necessary equipment was purchased and placed in Fire House No. 1, and the town now has one piece of dependable fire apparatus in each end of the town, which will give better protection than we have had heretofore.

Numerous hearings and conferences in Lynnfield, Salem, Boston, Wakefield, North Reading and Wilmington, which have been of vital importance to our town, have been attended by your Selectmen during the year, and the increased business and details have exacted more time and closer attention of your town officials, in all departments.

We desire to thank all officers, department heads, employees and citizens of the town who have co-operated with us during the past year and to express our sincere appreciation.

CLARENCE A. STUDLEY,
GEORGE W. PEAVEY,
EVERETT S. WEBSTER,
Selectmen of Lynnfield.

REPORT OF CHIEF OF POLICE

Lynnfield, Dec. 31, 1936

To the Honorable Board of Selectmen.
Gentlemen:

I herewith submit my report of the Police Department ending December 31, 1936.

The following arrests were made by the Lynnfield Police and State Constabulary:

3 driving under the influence of liquor

8 Drunks
4 Larceny in the night time
17 Summons served for out of town police
2 stolen cars found in Lynnfield

Lynnfield has been fortunate during 1936 in having very few automobile accidents.

Respectfully submitted,
ALBERT G. TEDFORD,
Chief of Police.

REPORT OF FIRE DEPARTMENT

REPORT OF SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen:

With a very small appropriation for the number of miles of roads we have to care for we got along fairly well. Chestnut Street was re-graded and tarred with the help of the Bond Issue and W. P. A. Also Bay State Road was included.

I hope this coming year we will be able to have a little more money to work with as a good many of the streets need tar and oil.

We rebuilt Salem Street from Peabody Line to the junction of Salem and Lynnfield Street with permanent construction. Also the shoulders on Salem Street from the corner of Summer about 2400 feet West. Next year we should start at Wakefield Line and work East as far as possible. I don't believe that this part of Salem Street will stand up through the spring as it is now.

This coming year I am asking for Chapter 90 work on Summer Street and Salem Street.

Respectfully submitted,

MINOT H. CARTER,
Supt. of Streets.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

Gentlemen:

The following articles were sealed:

4 Platform scales.
6 Counter scales.
5 Beam scales.
14 Spring Balance scales.
6 Computing scales.
1 Slot weighing scales.
3 Avoirdupois Weights.
9 Liquid Measures.
38 Gasoline Pumps.

Fees collected, $27.96.

Respectfully submitted,

GEORGE A. WESTOVER,
Sealer.

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

The past year's work was carried along the same line as the previous eight years. Woodlands were looked over for Gypsy Moth infestations and creosoted. There is a slight increase in gypsy moths. These infestations comprise woodland on turnpike to Lynn woods, Walnut st to Wakefield and Saugus lines and Salem st to Wakefield line. The centre part of town is very good except near Wakefield line on Main st. Brown-tail moth infestations were very slight, confined to one web on Salem st. This work is carried on under the supervision of the State Department of Conservation.

Respectfully submitted,
LYMAN H. TWISS,
Superintendent.

REPORT OF INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Inspector of Animals for the year ending Dec. 31, 1936. I have inspected 29 barns where animals are kept and found all in good condition.

Respectfully submitted,
ARTHUR W. BRYANT,
Inspector of Animals.

REPORT OF INSPECTOR OF MILK

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as inspector of milk for the year ending Dec. 31, 1936.

I have inspected premises where milk was kept for sale and issued licenses as required by law.

Number of licenses issued, 25.

Fees collected $12.50.

Respectfully submitted,
ARTHUR W. BRYANT,
Inspector of Milk.

REPORT OF INSPECTOR OF SLAUGHTERING

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit my report as Inspector of Slaughtering for the year ending Dec. 31, 1936.

There has been no slaughtering in the Town to my knowledge in the past year.

Respectfully submitted,
ARTHUR W. BRYANT,
Inspector of Slaughtering.

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit my report as Dog Officer for the year ending Dec. 31, 1936.

I have answered 56 calls.

I have killed 16 dogs.

To the best of my knowledge all dogs in town have been licensed.

Respectfully submitted,
ARTHUR W. BRYANT,
Dog Officer.

REPORT OF MEMORIAL DAY COMMITTEE

To the Citizens of the Town of Lynnfield:

The appropriation for Memorial Day, May 30, 1936, was used as follows:

Appropriation		$ 175.00
Decorating 116 graves	$ 45.00	
Parade music	95.00	
Dinner expense	35.00	
	$ 175.00	$ 175.00

Respectfully submitted,
T. HAWLEY, Treasurer of Committee.
Lynnfield Post No. 131, American Legion.

REPORT OF HEALTH OFFICER

I herewith submit my report for the year ending December 31, 1936.

In presenting this report may I extend to your Honorable Board my sincere appreciation for their hearty co-operation during the past year.

Contagious Disease for the year 1936:

Chicken Pox	24
Diphtheria	4

Dog Bite	27
Measles	57
Mumps	4
Scarlet Fever	6
Pulmonary T. B.	3
Whooping Cough	3
Lobar Pneumonia	5

Contagious Diseases

There has been some increase in the number of cases of contagious diseases over last year, due to a larger number of cases of measles and chicken pox. Not one case of Anterior Poliomyelitis was reported during the past year although several cases have been reported in neighboring communities.

There have been several cases of T. B. taken care of at the Essex Sanatorium this year. During the year there were two deaths. At present there is one patient confined.

We are meeting with success in our efforts to have all cases of communicable disease reported promptly.

Dumps

We have had some success in the past year in the elimination of unsightly dumping places. The dump on the Southern end of Summer Street has been designated as the proper place for disposal of rubbish. By centralizing the waste disposal in this one spot we have been able to keep our town more sightly and healthful. This dump has been leveled and covered with loam at necessary intervals.

Summary of Report

Number of complaints	16
Verbal notices	3
Inspections made	40
Letters written	20
Permits to attend school	17

Respectfully submitted,
DR. GEORGE S. ROBINSON,
Health Officer.

REPORT OF TREE WARDEN

To the Citizens of the Town of Lynnfield:

At the last annual Town meeting an appropriation was made for the care of shade trees. This appropriation was used to take down dead trees and trim trees where there were dead and dangerous limbs. Also trees where the branches were low and obstruct traffic along the high-

way. There is still a large amount of such work to be done which is very slow and costly. I hope a much larger appropriation will be made so that more work can be done along these lines. The Town received from the New England Power Co. $400 for damages to trees on Main st, Lynnfield Centre. I hope this amount will be appropriated to plant new shade trees.

Respectfully submitted,
LYMAN H. TWISS,
Tree Warden.

REPORT OF PARK DEPARTMENT

To the Citizens of Lynnfield:

The parks of the Town in general are in fine shape. Freeman-Cox Park and the Common were well cared for the past year and much credit is due Commissioner Traugott Hawley.

Supervised play was given the children of both ends of the Town during the month of July which was greatly appreciated.

Suntaug Park received W. P. A. Funds which was a great help. The following work has been done, pointing and capping wall, clearing of brush and trees of about one-half acre, levelling a little less than an acre of land which gives us more room for ball-playing and games. A strong cable fence was erected from the tennis courts to the water which will help out on maintenance of the park; also for the safety of our children. Last spring about an acre or more of the Park was graded and seeded. The tennis courts are in bad shape and need considerable time and money spent on them.

EDWARD M. FLETCHER,
Chairman, Park Commissioners.

REPORT OF CEMETERY COMMISSIONERS

To the Citizens of the Town of Lynnfield:

The Cemetery Commissioners report that all five town cemeteries have been given general care.

The area turned over through Government Relief projects at Forest Hill has been harrowed to keep the wild growth down, and a small section of it graded with loam to an established grade line. We feel that this sectional grading is most worthwhile as it improves the general appearance of the cemetery. The prospective lot owner is also much more favorably impressed.

The new area developed at Willow Cemetery has been seeded to grass. This section adds much to the appearance of the cemetery and it makes available a considerable number of good lots.

The tabulation of lots in Forest Hill and Willow Cemeteries has

been completed and recorded on index cards. The work was carried out under ERA and WPA projects at the minimum of expense to the town. The Commissioners and the Town now have a permanent record of lots and interments in both active cemeteries. Filing boxes have been provided for these cards and placed in the Town Hall vault for safe keeping.

Respectfully submitted,
LYNNFIELD CEMETERY COMMISSIONERS.

REPORT OF LIBRARY TRUSTEES

To the Citizens of the Town of Lynnfield:

During the past year the WPA Project on painting the interior of the main library was finished. The new roof made possible through an appropriation at the last town meeting is also completed.

We took enough money from our appropriation to give the exterior of the branch library a second coat of paint which was unfinished by the WPA Project.

We hope that our patrons have liked the type of books that we have bought this year and hope that anyone wishing a book will kindly leave the name of it with the librarian.

Respectfully submitted,
MALCOLM C. EATON,
RUDOLF P. SCHLENKER,
WILLIAM W. GRACE.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee,
Dear Madam and Sirs:

My fourteenth annual report is herewith presented for consideration.

Our records show that the enrollment in December was:—

Center School	137
Town Hall	35
South School	89

Ninety-four pupils are enrolled in secondary schools and three are pursuing courses at trade schools.

Our total school enrollment of three hundred fifty-six is the same as of 1935.

TEACHERS

Miss Elizabeth Osborne has replaced Miss Lydia Whittemore who resigned to be married. Miss Grace A. Jenkins resigned to resume her duties as art supervisor in the Wakefield Schools. Mrs. Abbie Eaton was appointed to fill the position vacated by Miss Jenkins. Miss Ruth Moulton was secured to fill the position as physical training supervisor due to the resignation of Miss Eva L. Teague who accepted a position as physical training instructor for girls at Beverly High School.

With this small change in our teaching force we have been able to make steady progress in methods of instruction. With but few excep-

tions pupils are taught, under our organization, by the same teacher for a period of two years which I believe is of more value to the pupil than under a system where the pupil has a new teacher each year.

SALARIES

A recent bulletin of the State Department of Education on Salaries of Teachers in the Public Day Schools of Massachusetts — 1936 shows that Lynnfield holds thirteenth place in the average salary list for Group IV—Towns of less than 5,000 population and not maintaining high schools. There are one hundred twenty-three towns in Group IV, with Lynnfield ranking thirteenth from the top with an average salary of $1,316. I believe we have a most creditable record. Raising salaries of teachers in the lower brackets to a point commensurate with services rendered will soon place our salary list near the top of that for the Group IV towns.

SECONDARY SCHOOL PUPILS

Through close co-operation with principals of high schools and trade schools it is possible to know what progress our tuition pupils are making in the several schools in which enrolled.

Copies of all ranks issued are submitted to me for examination. These show that our pupils are receiving far fewer marks below passing grade than was the case a few years ago. Pupils are better prepared when they graduate from our schools; they are choosing schools and courses more wisely and they are, generally speaking, attaining the most possible from the opportunities offered.

The Wakefield High School Honor Roll for the several terms of the past school year shows that our pupils received "High Honors" once, "Honors" thirty-three times and "Honorable Mention" seventeen times.

The Honor Roll for the year 1935 - 1936 lists the following Lynnfield pupils "High Honors"—Marjorie Falls; "Honors"—Alice Coldwell, Virginia Lambert, Howard Bezanson, Norma Dewing, Adam Herron.

Reports from many sources assure me that our pupils at private schools and colleges are making most satisfactory progress and in several cases have won scholastic distinction.

CLINICS

Through the desire of Mr. John Bedell of Lynnfield to be of service to the town he offered to give his services for the examination of the eyes of pupils. This examination now being made supplements that given by the school nurse. This will be of much value in detecting, through equipment used and knowledge of the eyes, types of eye weaknesses which should be corrected if the pupil is to do his school work without being subjected to too great an eye strain. The number of cases of serious type where pupils are not already under the care of an optician,

or oculist is small. These cases are few and should not be overlooked by parents upon receipt of a notification of eye defects found.

The dental clinic so successfully conducted in the past year by Dr. Edmund Tobin will be continued this year with Dr. Albert Roach in charge. It is our purpose in this clinic to examine the teeth of all children and offer them the opportunity of having necessary work done at school at clinic rates in case they do not wish to patronize their family dentist.

SPELLING

The "Word Lists" used in the schools for the past several years have been replaced by providing "My Word Book" for use in grades two to six inclusive. Doubtless the words and numbers of same may not greatly differ from those found in the "Word Lists", however, there is found in the new text a great variety of learning exercises. Each exercise is given for a distinct purpose and the text cannot be used without carrying out the work as outlined.

The texts are most interesting to the pupils because of the variety of methods used, the frequent tests, the opportunity provided for mastering difficult words and the chart for recording progress.

By the adoption of these texts for school use we have raised spelling out of the "drudgery" classification and placed it on the "opportunity" shelf. Although the text has been in use but a short time I predict results obtained in spelling will show a decided improvement in due time.

ARITHMETIC

The Buckingham-Osborn texts used in grades three to six inclusive have been replaced by the adoption of the Iroquois Arithmetics. These texts are based on the leading investigations into arithmetic content and method. The language of the texts is fitted to the pupil's stage of development. The method of introducing new processes is through a concrete situation of interest to the child. Drill, problems, and problem study, reviews and tests are all given at the proper time and in sufficient quantity to develop necessary mathematical ability.

Teachers endorse the texts most heartily stating that "they are the best texts I ever used in Arithmetic".

HORACE MANN CENTENNIAL OBSERVANCE

It is most fitting that due recognition be given this year through the public schools and all affiliated organizations in suitably observing the one hundredth anniversary of Horace Mann's assuming the position as first Secretary of the Massachusetts Board of Education.

The schools of Lynnfield will devote the necessary time to the

study of the life of Horace Mann and to the state school system which he became a power in founding. It is anticipated that public exercises will be held as a fitting climax to the work carried out in the schools.

In conclusion may I express to the teachers, supervisors, school committee and citizens of the town my appreciation for their support in making it possible for the pupils of Lynnfield to enjoy the fullest possible educational advantages.

Respectfully submitted,
JOHN D. WHITTIER.

REPORT OF THE SCHOOL COMMITTEE, 1936

Regular monthly meetings have been held with full attendance of members and the Superintendent of Schools.

We have been able to do some maintenance work from our regular appropriation, but had to put off the painting of the South School until a later date.

This year it will be necessary to reroof the Center School as the roof is in bad shape, and an article will be in the Town Warrant at the annual town meeting for this purpose. Our school population in the grade schools has increased rapidly especially in the Center School, and it will be necessary to have additional rooms in this building and one new teacher in order to adequately take care of this serious situation. An article in the annual warrant will suggest a building committee to be chosen to present plans for an addition to the Center School. Our high school enrollment has not increased to any great extent, but will be somewhat larger in 1937 - 1938 than at present.

Our method of departmental teaching in the seventh and eighth grade still shows the benefits of this specialized training.

We have been able this year to have the service of an eye specialist who has examined the pupils in all grades and corrections have been made along this line.

At Wakefield High School by elimination of the eighth grade from their high school it has relieved the crowded condition in some respects, but has not as yet fully remedied some of the features which handicap our pupils as to overtime and general study supervision. At Wakefield they still have large classes and small opportunity for individual attention to students.

NO SCHOOL SIGNAL

In case of no school for the day in grades or high school, announcement will be made by Station WNAC between seven and eight o'clock.

AGE OF ADMISSION

No child will be admitted to the first grade at the opening of school in September, who was not five years of age on or before the first day of April preceding his entrance.

Pupils are admitted to this grade only during the first two weeks of school in September unless they have attended school in some other town.

VACCINATION

Children who have not yet been vaccinated will not be admitted to school in September unless they present a certificate from a regular practising physician stating that they are not fit subjects for vaccination. Parents are requested to attend to this matter during the summer vacation or exemption must be presented at the opening of school to entitle the children to admission.

ACCOUNTANT'S CERTIFICATE

The cash on hand and cash and securities in the various Trust Funds are as stated in the Treasurer's Report and the Balance Sheet.

The receipts as reported by the Collector of Taxes and the Treasurer are as stated in the reports of those officials.

The payments from the various appropriations for the year are as stated in the foregoing report, and the Balance Sheet as of December 31, 1936, correctly sets forth the financial condition of the Town at the close of the year.

I wish to take this opportunity to thank those Town Officials who submitted their reports promptly in order to facilitate the compilation of the Annual Town Report.

January 30, 1937.

CARL H. RUSSELL,
Town Accountant.
